

UKTRC SOCIAL IMPACTS AND SOCIAL EQUITY ISSUES IN TRANSPORT

Housing and Sustainable Communities

**Centre for Analysis of Social Exclusion (CASE)
London School of Economics and Political Science**

HOUSING AND SUSTAINABLE COMMUNITIES

- London, June 2011
- Workshop at Centre for Analysis of Social Exclusion, LSE
- 1 day event
- The workshop will focus on:
 - Sustainable communities – links between economic, physical, environmental and social conditions
 - How social policy issues impact on transport and vice versa in urban areas:
 - Land use planning – regeneration and development
 - Housing density
 - Mixed uses
 - Job access
 - Best practice and learning from Europe and the USA

SPECIFIC ISSUES TO COVER:

- Neighbourhood and community transport management
- Low travel horizons and barriers to travel in low income areas
- Impacts of transport policy on low-income areas
- Exploring the motivators of car ownership in low-income households
- Role of protected cycle paths and walkable streets in low-income areas
